July 21, 2009: Abbotsford, BC, Canada: First Choice Products Inc. ("the Company") (CNSX: FCI) is pleased to provide an update on the newly introduced Ribbon Organizer. Success continues to be measured by the placement of inventory of the BEST Ribbon Organizer, now in over 57 Scrapbooking or Craft Stores, with a 36% ratio of units already regularly being re-ordered to maintain their demand.

The staff at First Choice Products has focused on outbound sales calling as one of the most cost effective and efficient means to introduce the Ribbon Organizer as well as the BEST Craft Organizer Products to the over four thousand potential Scrapbooking and/or Craft stores throughout the US and Canada. Once contact has been achieved, samples are shipped to them for their review, and follow-up calls for orders by the staff, occurs shortly thereafter.

First Choice president Dave Martens commented "I have been very pleased with the commitment shown by all members of the staff to introduce the Ribbon Organizer. We are been able to ramp up marketing of this product with very little increase in overhead. We are gaining momentum and the outlook for the remainder of the year for the Ribbon Organizer as another solid source of revenue to complement our existing product lines is excellent."
